ABOUT US

Our Mission: To educate and advocate on oil and gas landowner issues, working toward the equitable development of our resources.

- We support our members who actively manage their Oil and Gas Royalties and properties.
- We offer meeting opportunities, regular newsletters, and membership tools through our website.
- We keep pace with legislative, judiciary, and regulatory challenges that Pennsylvanians face every day, while also keeping up to date on issues of national importance.

ADVOCACY

POGLA is the only organization representing landowners with Pennsylvania oil and gas rights in Harrisburg.

- Bills in the PA House and Senate affect your oil and gas rights.
- POGLA advocates for your rights by pursuing legislation for additional protection, voicing concerns or supporting opposition if proposed legislation is harmful, and continually monitoring the introduction of all relevant legislation.
- POGLA was a driving force behind the 2024 tax law change to allow for depletion allowance reporting income from oil and gas.

TESTIMONIES

"POGLA is such a valuable resource for anyone with a gas/oil lease. Where else can you get all the information important to us as lessors. Being a POGLA member makes it so easy to keep on top of new legislation and other happenings in the energy business! POGLA has its finger on the pulse of Harrisburg for our benefit!" Janet Lewis, Bradford County Member.

"I have found my association with POGLA to be extremely valuable in handling my family's mineral interest. Attending the conferences over the years has been beneficial and continues to be even though we are past the leasing stage and into production. "
